

## Blockchain Workshop Course Content

Techfest is the annual science and technology festival of IIT Bombay.

Following is the basic outline of the in-person workshop that would be happening at Techfest in IIT Bombay.

**The details of the workshop are as follows:**

Blockchain

### **Content of the Workshop:**

Embark on a comprehensive journey through our workshop, where we demystify the complexities of Blockchain. Get hands-on with Solidity and EVM, building a strong foundation for creating smart contracts. Dive deep into the decentralized financial landscape with DeFi, unlocking the potential of open finance. Explore the fascinating realm of NFTs, understanding their impact on digital ownership and expression. This workshop is not just about knowledge; it's a hands-on experience that propels you into the exciting intersection of technology and finance. Elevate your skills, expand your horizons, and be part of the decentralised future!

### **Topics to be covered**

Day 1

- Intro to Blockchain
- Basics of Solidity and EVM

Day 2

- DeFi (Decentralised Finance)
- NFTs (Non-fungible tokens)
